Chan R. N. W. and Duffield R. G. M.: Subclavian artery rupture (an unusual seat-belt injury), 29
Chaplin D. M.: Tension band wiring: a method to prevent 'backing out' of the Kirschner wire, 57
Chest, left lower, thoracoscopy in diagnosis of diaphragmatic injury from penetrating wounds of, 213
Child's fracture, instances in which intramedullary nailing justifiable, 181
Childhood and adolescence, fractures of neck of femur in, 111
Children, fracture(s) of olecranon in, 33
  of radius and ulna in, 120
  recurrence in, 37
Chong K. C., Chacha P. B. and Lee B. T.: Fractures of the neck of the femur in childhood and adolescence, 111
Clavicle, fractures of, 101
  complications of, 189
Cole C.: Social work in an intensive care unit, 244
Colles' and scaphoid fractures, cases of simultaneous, 185
Colville J.: *see* Millar R. jt auth.
Comparison of deaths from injury, 233
Complications of fractures of clavicle, 189
Compression frame, trapezoid, external fixation of pelvic girdle with, 53

Deaths from injury, a comparison, 233
Deep-vein thrombosis, risk of, after operations on bloodless lower limb, 271
Diaphragmatic injury in penetrating wounds of left lower chest, thoracoscopy in diagnosis of, 213
Disaster planning, medical, in Israel, 279
  procedures report following the Moorgate train crash on 28 February, 1975, 288
Dislocation(s): (*see also* Fracture, Fracture-dislocation)
  anterior, of hip, 107

Dislocation of hip associated with fracture of femoral head, 134
peroneal tendons, surgical treatment of, 14
traumatic bilateral superficial, of testis, 44
Duffield R. G. M.: *see* Chan R. N. W. jt auth.
Dynamic compression plate (DCP) in fractures of tibial shaft, 252

**Editorial,** 1, 75, 169, 251
Elbow, fracture-dislocations of, 143
English T. A. and Saadah E. S.: Fixation device for pubic fractures, 242
Experience with dynamic compression plate (DCP) in 418 recent fractures of tibial shaft, 252
External fixation of the pelvic girdle with a trapezoid compression frame, 53

Femoral head, fracture of, dislocation of hip associated with, 134
shaft, use of plaster casts in treatment of fractures of, 194
Femur, destruction of proximal end of, total hip arthroplasty in treatment of, 267
fractures of neck, in childhood and adolescence, 111
recurrent severe haemorrhage from false aneurysm following, 218
Ferrar J. M.: *see* Winch R. D. jt auth.
Ferreira A. A.: *see* Jackson A. M. jt auth.
Fielding J. W. L. and Strachan C. J. L.: Jaundice as a sign of delayed gall-bladder perforation following blunt abdominal trauma, 66
Fixation device for pubic fractures, 242
external, of pelvic girdle with trapezoid compression frame, 53
rigid internal, of tibial shaft fractures, 125
with dynamic compression plate (DCP) in fractures of tibial shaft, 252
Fracture(s): (*see also* Fixation)
central, of acetabulum, 171
child's, instances in which intramedullary nailing justifiable, 181
clavicle, 101
complications of, 189
Colles' and scaphoid, cases of simultaneous, 185
distal end of radius, importance of ulnar side of wrist in, 263
femoral head, dislocation of hip associated with, 134
shaft, use of plaster casts in treatment of, 194
femur, recurrent severe haemorrhage from false aneurysm following, 218
humeral shaft, non-union of, 274
infected, of tibia, long-term follow-up of, 2
intra-articular, of calcaneum, 205
Monteggia, tardy palsy of radial nerve from, 202
neck of femur in childhood and adolescence, 111
olecranon, in children, 33
pubic, fixation device for, 242
radius and ulna in children, 120
recurrence in children, 37
tibial, results of operative and non-operative management of, 47
Fractures of tibial shaft, experience with dynamic compression plate in, 252
treated by rigid internal fixation, 125
Fracture-dislocations of elbow, 143
hip with destruction of proximal end of femur, total hip arthroplasty in treatment of, 267

Gall-bladder perforation, delayed, following blunt abdominal trauma, jaundice as a sign of, 66
